SUBJECT : Probable Consequences in Western Europe of a  
French Rejection of the Paris Agreements

1. In the event of a negative vote by the French Assembly on ratification of the Paris Agreements, it will probably be necessary for the IAC to produce for the NSC, on a crash basis, an estimate dealing with the probable consequences of such action.

2. The attached memorandum was prepared by the Board of National Estimates on 26 December at the request of the Director of Central Intelligence. It is suggested that this memorandum serve as a basis for agency consideration if urgent action is required.
